

# INTEGRASPEC<sup>®</sup>

"The User Friendly ICF"

## FEATURE PROJECT

**Project:** Prchal Residence

**Fort Calhoun, Nebraska**

**General Contractor:** Country Side Builders

**Plattsmouth, Nebraska**

**ICF Distributor:** IntegraSpec Nebraska

**Gretna, Nebraska**

**ICF Installer:** Acme Concrete Foundations

**Gretna, Nebraska**

**Technical Support:** EMM Group

**Sarsfield, Ontario (Canada)**

**Designer:** Custom Creations

**Omaha, Nebraska**

**Features:** Sitting high on ten acres in Washington County, this 1,825 ft<sup>2</sup> ranch home uses 6" IntegraSpec<sup>®</sup> with 9' and 11' ceilings. This energy efficient home utilizes a high velocity geo thermal heating system, plex plumbing, with engineered structural roof and floor truss systems.

**Benefits:** This IntegraSpec<sup>®</sup> home was constructed with ease utilizing many sub contractors, all that would enjoy building with this system again. Not only is this home very energy efficient, it is very quiet, comfortable, and safe! This home has already withstood two major storms with minimal damage of winds at 80 to 110 mph.

*"IntegraSpec<sup>®</sup>'s user friendly nature and excellent training made our initial projects fast and professional. We were impressed right away with the lack of waste and speed of concrete placement and wall alignment."*

*- Jason Buffington  
Acme Concrete Foundations*
