

# INTEGRASPEC<sup>®</sup>

"The User Friendly ICF"

*Discover the IntegraSpec Difference!*

**Secure opening sides with unique Dovetail Grooves**

- **Faster installation**

Simply slide bucks into place while assembling the walls eliminating any additional forming material.

- **Less cost**

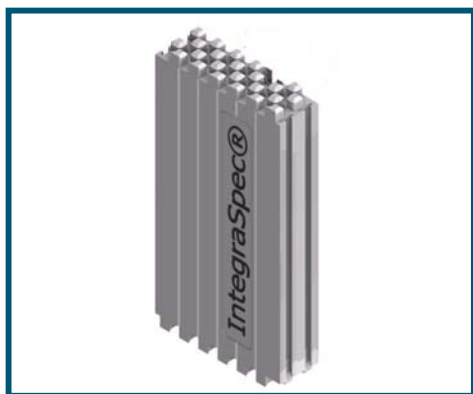

Eliminates costly and inefficient wood or plastic and reduces waste.

- **Better energy performance**

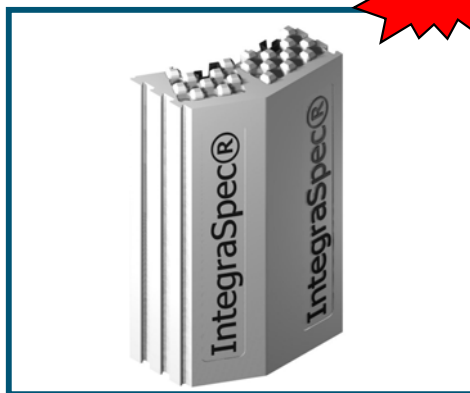

Completes monolithic envelope of wall system and assists insulated thermal mass.

- **Greater design flexibility**

Better suited to stucco finishes, creates more light with smaller window sizes and provides nailing strips.

**90° IntegraBuck**

**30° SantaFe Buck**
